It was determined that the office was not properly notified of this situation and will not be making a decision in the matter.

Old/New Business:

Dr. Bender stated that he feels like the issue of the skate park has been brushed aside and he would like to explore it again.

Mr. Peoples stated that there is an area in front of Hanners Park between the mounds where the electric lines go through and Groveport Road. An asphalt pad could be placed and then buy components that are just bolted together. Mr. Peoples will put together some information and bring it to the next Safety meeting.
